I am aware of the limitation of 12 Semester Hours (or the equivalent of 18 Quarter Hours, 180 Clock hours or 18 Continuing Education Units) in effect for Navy Tuition Assistance.

I certify that my request for TA does not exceed this limit, unless I have received an authorized waiver from Naval Education and Training Command.

If an administrative error results in the over-authorization of Tuition Assistance, I will be expected to reimburse the Navy for the amount of the overpayment.

If a non-reimbursable fee is included in my Tuition Assistance Authorization Voucher, and if I withdraw from the course, and no other courses are active at the institution for which the non-reimbursable fee is paid, I am responsible for reimbursing either the Navy, if they pay this fee, or the institution, even if I do not incur tuition costs.

I understand all other TA rules apply.
